

# **FAST 50**

## Fall Protection Delivery Program

In the office or on the job site, there's no time to waste.  
You need the equipment...yesterday.  
We hear you!

MSA's latest and most popular fall protection items can be on the job **FAST** with the new **FAST 50** Program.

### **Why FAST 50?**

While other companies are waiting for their fall protection shipment, you can...

- Choose from 50 new and top-selling MSA fall protection items
- Be assured that those items will leave our dock the same day, if you call before NOON E.S.T.

*(The order will be shipped the next day if you call after that noon deadline.)*

Like our products, MSA's **FAST 50** Program is reliable, and we are confident that we can get these stocked items to you when you need them, **FAST**.

The Fast 50 Program applies to order quantities up to 50 units on items with a black/white  flag, and up to 25 units on items with a black/orange  flag.

"Ship Complete" orders are excluded from the program unless all items on the order are part of the **Fast 50** program. Orders for quantities larger than those identified above are also excluded from the Fast 50 program. Delivery dates for large order quantities or for items not part of the **Fast 50** program will be provided when the order is placed.

	Part No.	CSA Part No.	Description
<b>Harnesses</b>	10041591		TechnaCurv Vestype Style, Qwik-Fit Chest Buckle, Tongue Leg Buckles, 1 Back D-Ring
