

## TechnaCurv™ Tower Harness Features & Benefits

FEATURE	BENEFIT
<b>Curvilinear Comfort System</b>	Provides total comfort to the user.
<b>Curvilinear Torso Webbing</b>	This patent-pending process curves the webbing around the neck area to help prevent chafing and discomfort on the neck that can be caused by some standard harnesses.
<b>Visco-Elastic Shoulder Padding</b>	<ul style="list-style-type: none"> <li>▪ More comfortable than traditional foam padding, Visco-Elastic padding was initially developed by NASA.</li> <li>▪ Will not break down over time, offering superior comfort throughout the life of the harness.</li> <li>▪ Automatically adjusts to every curve of your body.</li> <li>▪ Compression molding process allows for the incorporation of comfort ridges. These comfort ridges provide more air circulation around the padding to keep you cooler.</li> </ul>
<b>Dual-Durometer Padding on Back Pad &amp; Saddle</b>	<ul style="list-style-type: none"> <li>▪ High density padding offers support.</li> <li>▪ Low density padding contours to the body to provide ultimate comfort for extended positioning.</li> </ul>
<b>Variable Width Webbing</b>	Distributes weight over a wider surface area to increase comfort during positioning (webbing varies from 1-5/8" to 2-5/8")
<b>Adjustable Saddle Height and Saddle D-ring Position</b>	Allows the user to achieve the perfect, most comfortable position when performing work.
<b>Detachable Saddle</b>	Saddle can be disconnected from harness to decrease total harness weight, when it isn't needed.
<b>Secure-Fit Buckle</b>	<ul style="list-style-type: none"> <li>▪ Designed to ease donning, doffing, and adjustment.</li> <li>▪ Single hand operation.</li> <li>▪ Buckle release tabs move in opposite directions and are recessed inside the outer buckle dimensions to prevent accidental disengagement.</li> <li>▪ Positive engagement windows allow you to see that the buckle is properly engaged. No need to try and listen for a "click" on a noisy job site.</li> </ul>

## TechnaCurv™ Tower Harness Features & Benefits

FEATURE	BENEFIT
<b>Teflon™ Coated Webbing</b> (Teflon is made only by DuPont)	Provides water, oil, grease, and dirt resistance to increase the life of the product.
<b>Soft, Flexible webbing</b>	Allows the harness to move with you as you work for increased comfort.
<b>Adjustable Y Back D-Locator Pad</b>	<ul style="list-style-type: none"> <li>▪ Allows complete adjustment of the back D-ring to provide proper harness fit.</li> <li>▪ Assists in moving the shoulder webbing away from the neck, providing additional comfort to the user.</li> <li>▪ Ribbed web slots in back pad allow for easy back D Ring adjustment.</li> <li>▪ A special polymer blend allows for optimal strength and minimal weight, giving you a lighter harness.</li> </ul>
<b>Integral Back Pad with Removable Tool Belt</b>	<ul style="list-style-type: none"> <li>▪ Takes the “Guess-Work” out of how to integrate tool belts with the harness.</li> <li>▪ Back Pad provides lower back support.</li> </ul>
<b>Assemble-to-Order process</b>	Allows you to order exactly the options you want, and only the options you want.
<b>Label Pack Cover</b>	<ul style="list-style-type: none"> <li>▪ Protects labels from environmental or work site damage.</li> <li>▪ Prolongs label and product life.</li> <li>▪ Provides a convenient location for the medical ID information pack.</li> </ul>
<b>Medical Information Kit</b>	Provides necessary contact and medical information in case of an emergency.
<b>Pullover and Vesttype Styles</b>	Allows user to get the style of harness they are most comfortable with, increasing user acceptance.
<b>Lanyard Clip Option</b>	Provides a convenient location to connect your lanyard when not in use, to keep it out of the way.
<b>Leg Strap Connector Options</b>	Allows user to get the type of leg strap connectors they are most comfortable with, increasing user acceptance.
<b>D-Ring Options (Back, Hip, Chest, Shoulder)</b>	Allows user to get the D-Ring configuration they need for their application, increasing user acceptance and versatility of the harness.
<b>Price Options</b>	Allows the harness to be sold into virtually any market.
<b>Sizing Options</b>	Allows the customer to get the proper size harness for a perfect fit.
