

# Cairns® Rescue Helmets

Serving the Fire Service  
Since 1836

MSA

Low-profile, NFPA-approved EMS and rescue helmets. Durable construction offers protection against impact and penetration hazards. No-brim design allows easier access to confined spaces and vehicle rescues.

### Your Safety, Our Tradition

Rescue helmets from Cairns are the lightest and lowest-profile helmets available, designed for vehicle extrication and confined space rescue. Rugged helmet provides the protection required for NFPA certification and the comfort needed for all day use.

Cairns Rescue Helmets offer non-corroding, high-temperature resistant faceshield/goggle hardware, easy front headband adjustment for proper SCBA mask fit, rear ratchet height adjustment to fit all head sizes, and a minimal number of parts for lower service cost and easier maintenance. High-temperature edges prevent against melting and dripping. Durable helmet hanger fits on large hooks and resists bending. Cairns Rescue Helmets also offer the market-leading five-year shell replacement warranty.

#### **Commando HP3® Helmet**

*Innovative, well-balanced fiberglass construction with impact cap*

#### **Rescue 360R Helmet**

*Lightweight, low-profile performance, thermoplastic construction with impact cap*

#### **Rescue 360R-13 Helmet**

*USAR-approved, lightest weight, thermoplastic construction*
