New Look for Cairns® 880 Tradition™ Fire Helmet

PITTSBURGH, PA, April 2007 — The Cairns 880 Tradition “Chicago Style” Fire Helmet offers a new shell texture for rugged appearance. The Cairns 880 Helmet is smallest and lightest fire helmet available, with an impact cap that retains the safety features of larger, traditional-style helmets. Low-profile, stable, balanced shell provides optimum clearance and maneuverability. The Cairns 880 Tradition Chicago Style Fire Helmet meets NFPA 1971-2007 and has a five-year shell replacement warranty. The 880 Tradition Chicago Style Fire Helmet was designed with input from the Chicago Fire Department.
