

Custom-Imprinting/Logo ExpressSM Service

MSA's V-Gard[®], Topgard[®], Thermalgard[®], and Vanguard[™] helmets are available with your logo or slogan imprinted on the headwear. You can select the colors and the

areas to be imprinted. MSA uses both single and multi-color imprinting techniques to provide a choice of up to four colors (five, if the color of the headwear is included in the design).

Image 2000SM

Twenty-first century imprinting image technology. Now, in addition to custom logo imprinting in up to four separate colors, MSA is proud to introduce the new Image 2000 Service, which uses a custom-imprinting process for reproducing photographic images (on MSA's white V-Gard hats and caps only).

Using a digital file (disc or CD) or a photo for scanning, MSA can reproduce your image on the front, back, and/or sides of medium white V-Gard hats and caps.

Use our Image 2000 Service to print a:

- Photo of your company headquarters
- Picture of a new site for groundbreaking celebrations
- Product illustration

The Image 2000 Service is available only on a white background to ensure a top-quality reproduction of your photographic image.

Ordering Information

A minimum quantity of 100 custom-imprinted caps or hats (of the same size or model) is required for initial and repeat orders (**lower quantities may be ordered for an additional service charge**). A minimum of 100 is required for a change in imprint color or location (lower quantities may be ordered for an additional service charge). Cap and hat styles or colors of the same model can be mixed to achieve the minimum quantity. For example, 60 standard blue V-Gard hats and 40 standard red V-Gard caps would be acceptable. However, they must be the same size and in quantities of 20 units. Small and large V-Gard caps can be added after the 100 minimum is met, but they must be ordered in quantities of 20 units.

This handy checklist will make it easy for you to order.

- Where on the cap or hat should the logos appear? Front? Back? Left side? Right side? (You may also select any combination.)
- What are the logo colors? (You may choose up to four.)
- Do you have camera-ready logo art?
- Are you using a slogan or design?
- What cap/hat color have you selected?
- What cap/hat size have you selected? (Hats available only in standard size.)
- What suspension would you like: the Staz-On or Fas-Trac system?
- What quantity are you ordering?
- What is your FAX number?
