

# Sightgard® Protective Eyewear

New!

Safe and Sophisticated Eyewear

Easy-Flex™ Eyewear

Vista™ Eyewear

In today's Protective Eyewear market, MSA is committed to providing the latest eyewear styles. We are pleased to announce the expansion of our Sightgard Line of Protective Eyewear to include several new styles: the Easy-Flex, Vista, Voyager, and Mag series eyewear; and exclusive to MSA is a complete line of NFL and Safe and Sophisticated eyewear. We complete our line with accessories such as pre-moistened towelettes, lanyards, and display units.

Sightgard Industrial Protective Eyewear is designed for protection against impact hazards and/or flying particles, dust, sparks, and glare. Sightgard Industrial Protective Eyewear provides excellent side-and front-impact protection, yet is comfortable to wear all day. All MSA Protective Eyewear regardless of lens shade provides a minimum of 99.9% protection against harmful UV radiation. Some models (UV-400) offer additional protection.

## Approvals

All Sightgard Industrial Protective Eyewear complies with the high-impact, and all other, requirements of ANSI Z87.1. Select models also meet CSA Z94.3.

# MSA Sports Logo Safety Glasses

**Exclusive!**

## Officially Licensed NFL Safety Glasses

- Employees can support their favorite team while wearing the needed protection
- Aurora® anti-fog, scratch-resistant lens for improved vision
- Rubber-tipped ratcheting temples for a comfortable custom fit

# Sightgard® Single Lens Goggles

## Softframe Single Lens Goggles

Softframe Perforated Single Lens Goggles

Softframe 4-Vent Single Lens Goggles

Softframe Goggles effectively fit most facial contours. Large, one-piece, .060-inch-thick polycarbonate lens provides wide, undistorted field of vision. Optional Anti-Fog Coated Lenses are available for work involving high humidity, temperature changes or greater worker exertion. The scratch-resistant coating is unaffected by most organic solvents, ammoniacal and alkaline detergents.

### Approvals

Softframe, Clearvue, Respirator, and Rubber Frame Goggles by MSA meet all applicable requirements of ANSI Z87.1-2003—high impact (except Wire Screen Goggles).

### Goggle Retainers

Sturdy neoprene-rubber accessory can be used with any protective cap or hat. Retains goggle on headwear when not in use and holds goggle securely when worn for eye protection.

Note: This Bulletin contains only a general description of the products shown. While uses and performance capabilities are described, under no circumstances shall the products be used by untrained or unqualified individuals and not until the product instructions including any warnings or cautions provided have been thoroughly read and understood. Only they contain the complete and detailed information concerning proper use and care of these products.

## Respirator Goggles

Softframe 4-vent Respirator Goggles by MSA are specially constructed to wear with MSA respirators and have a .060-inch-thick anti-fog clear lens.

## Clearvue® 200 Goggles

These goggles feature an integrated-frame design and a flexible, rolled-in cushion at the temples which provides comfort without tension or pressure points.

## Wire-Screen Goggles

Wire Screen Goggles feature a clear nonvented frame, wire lens, and elastic headband.

## Rubber Frame Goggles

For use where fine dust in high-velocity concentration is a problem and where minor impact hazards exist.
