*FOR IMMEDIATE RELEASE*

### **MSA Offers New Ultima® X Monitor Sensor X-change™ Program**

PITTSBURGH, November 2006 — The Ultima X Series Sensor X-change Program is a sensor-replacement service that supplies users with replacement calibrated sensor modules when they are needed, on demand. Sensors arrive prior to the Ultima X Monitor's scheduled calibration date for easy installation and minimal downtime. Simply change out the old sensor with the new, perform a gas check, and the system is operational.
