

# FiveStar® Alarm Nickel Metal Hydride Battery Pack

MSA is pleased to announce the availability of the latest addition to the FiveStar Alarm family: the heavy-duty, Nickel Metal Hydride (NiMH) Battery Pack.

Providing over 20 hours of run time, this battery pack will help keep your operations up and running around the clock. Ideal for turnarounds, emergency repairs and double shift operations, you will no longer have to carry two, or even three, extra battery packs to keep your gas monitor protecting your team.

## Features & Benefits

- Longest running battery pack available provides double shift coverage.
- Fits existing FiveStar instruments, allowing you to take immediate advantage of extended run times.
- The NiMH Battery Pack can be charged on or off the instrument so you can always have a backup ready to go.
- Advanced NiMH technology eliminates “memory” effects.
- MSA’s unique NiMH Fast Charger charges the NiMH battery pack in 4 to 6 hours. Charges NiCd batteries too!

## Specifications

<b>Battery chemistry:</b>	Nickel metal hydride
<b>Average run time, diffusion:</b>	20+ hours
<b>Average run time, pumped:</b>	16+ hours
<b>Warranty:</b>	2 years
