

### MSA Free Screensaver Download Instructions

To download your MSA Stellar Series Free Screen Saver, click on one of the screensaver attachments below. A blue screen will open with an installation prompt, and simply click on **OK**. The next prompt will say **Installation Complete**, and click on **OK**. The next window will list ordering information, and click on **OK**. The final window will list a statement regarding screensaver distribution, and click on **OK**. Next, your Window Display Properties window will show your new screensaver as its default, and click on **OK**. Your installation is ready to go.
