

Reliable. Easy to Use. Durable.

Flammable-Gas Monitoring The Universal Detector

[A colossal combination of features.
Innovative design. Small size. High performance.]

The new TITAN™ Combustible Gas Detector has it all.

Providing a 24-month service life, it is durable and reliable. One-button operation provides the ultimate in easy use. And, best of all, it's made by MSA, the industry leader with more than 85 years of experience.

The TITAN Combustible Gas Detector features:

- Easy-touch and intuitive one-button operation
- Large, high-contrast, easy-to-read characters
- Highly silicone-resistant, easy-to-change 20L sensor
- Ultra-bright LED alarm, visible from all angles
- Distinctive audible and optional vibrating alarms
- Super run time, minimum 11 to 13 hours
- Interchangeable NiMH and alkaline battery packs
- Water and dust resistance, IP54 rating
