

Compliance Made Easy with *Sightgard® Protective Eyewear*

Variety is the key to compliance. The MSA Sightgard goggle line offers the high impact requirements of ANSI/ISEA Z87.1-2010 to make meeting safety requirements a snap.

MSA Sightgard Safety Goggles

MSA is pleased to introduce a new line of Sightgard Safety Goggles. These goggles are designed for use in all types of industrial and commercial settings and help provide protection against impact hazards such as flying debris, and splashes. The Flexi-Chem™ iV goggle offers an acetate lens for improved resistance to chemical splashes, and a pliable body for enhanced fit. The Vault™ model is a stylish goggle, resembling those seen on the slopes. With indirect venting and anti-fog as standard features, Vault is sure to be crowd-pleaser. The Clearvue® 200, has had a part number change, but offers the same great-fitting body and impact-rated protection it always did. Finally, the line includes economical models (Sightgard P, Sightgard iV and Sightgard NV). These goggles offer impact-rated protection and hard coated lenses - two even have anti-fog.

Approvals

All Sightgard Safety Goggles listed in this bulletin meet the general and impact requirements of ANSI/ISEA Z87.1-2010. All models except the Sightgard P meet the droplet and splash requirements of ANSI/ISEA Z87.1 - 2010. The Clearvue® 200 model also meets CSA Z94.3.

anti-scratch

anti-fog

MSA's Goggle Retainers are designed for applications where goggles must be worn with MSA helmets. The non-metallic retainer holds goggles securely in place on either a cap or hat providing secure eye protection and makes them available for immediate use.

- Easy to install the goggle of choice, no tools required
- Two styles designed to secure goggles for either cap or hat
- Conveniently allows easy access to goggles at all times
- Can be worn on all MSA protective headwear, except the V-Gard® 500, meeting ANSI Z89.1-2009 requirements without changing the dielectric qualifications (protection against electric shock)
- Goggle retainer can be adjusted and re-knotted for better fit

Goggle Retainers

Goggle Retainer for MSA Caps*

P/N: 459458

Goggle Retainer for MSA Hats*

P/N: 449895

*Helmets and goggles not included.
