Fall Protection **Legacy Products**

Please be aware that MSA Fall Protection is officially discontinuing the ArcSafe® Harness Series. The ArcSafe line has long been a high-performing, economy arc flash harness option, but has been made redundant by our new lines of harnesses such as the Workman® and EVOTECH® Arc Flash brands. These harness families are currently MSA's most popular brands of full body harnesses and offer numerous exciting features that provide excellent safety, comfort, performance, and affordability. A limited number of ArcSafe harnesses are still available, so proponents of these brands are encouraged to move quickly before stock is depleted.

Please contact MSA with any questions or for any additional information.
