

BUYING GUIDE for V-Gard® ACCESSORY FACE PROTECTION PRODUCTS

Only V-Gard Accessory System Products are tested and approved as a fully-integrated system to work with MSA protective helmets.

Enhanced for improved protection.
Redesigned to meet your needs.

WHERE TO USE?

The V-Gard Accessory System offers products for these markets:

- › Construction
- › Oil / Gas / Petrochemical
- › General manufacturing / Heavy industry
- › Railroads
- › Steel / Smelting
- › Mining
- › Forestry

WHY BUY V-Gard ACCESSORY SYSTEM PRODUCTS?

Five Great Reasons:

1. Our V-Gard Frames were redesigned by our customers.¹ New features never before available in one frame: debris control, easy visor and frame installation/removal, and compatibility with earmuffs, half-mask respirators and other PPE.
2. We've taken the guesswork out of replacement products: *All* V-Gard Visors work with *all* V-Gard Frames and *all* V-Gard Chin Protectors.^{2,3}
3. MSA now offers popular visors at very competitive prices—making repeat purchases even easier. Additional specialty visors will be released throughout 2011.
4. One global part number per item! Global companies can offer products that meet global standards—reducing inventory costs, improving turns and increasing efficiency.
5. MSA's distinct frame design mirrors the V-Gard Helmet—the world's best-selling hard hat. Customers will easily recognize and ask for the V-Gard brand by name.

V-Gard UNIVERSAL FRAME

Advanced Features

V-Gard Universal Frame for Non-Slotted or Slotted Caps, with debris control.
Shown with V-Gard clear, molded propionate visor.

¹ Desired features based on extensive voice of customer research conducted during the development of V-Gard Accessory System Products.

² MSA recommends the use of debris control on V-Gard frames when wearing both cap-mounted earmuffs and V-Gard molded visors.

³ MSA does not recommend the use of the V-Gard Universal Frame with the MSA Smooth Dome cap when using cap-mounted earmuffs and V-Gard Molded visors. The MSA V-Gard Frame for Slotted Caps can be used for this particular combination.

⁴ Patent pending.

V-Gard Frame FOR SLOTTED CAPS

Advanced Features

V-Gard Frame for Slotted Caps, with debris control. Shown with V-Gard clear polycarbonate visor and MSA left/RIGHT (HIGH) earmuffs.

¹ Patent pending
