

T2 Tango Tactical Armor Carrier

PRODUCT SPECIFICATIONS	
Description	T2 Tango Tactical Armor combines ballistic protection with flexibility, comfort, and practicality for today's law enforcement applications. T2 Tango Tactical Armor integrates MSA Paraclete's established Tango Body Armor cut and styling with a new drop-down flap for easy cummerbund access. New front-load plate pockets, anti-skid shoulder weapon stabilization, and choice of sizes and plates provide law enforcement officers with versatility and comfort. T2 Tango Tactical Armor meets the new NIJ Standard – 0101.06 Ballistic Resistance of Body Armor.
Features & Benefits	<ul style="list-style-type: none"> • Established armor cut with drop-down front flap for easy cummerbund access. • RAV style cummerbund for better fit and stability plus accessory attachments • Anti-skid material for shoulder weapon stabilization helps to prevent butt slippage • New front-load plate pockets • Internal elastic adjustable cummerbund • External cummerbund • Full vest length rear drag strap • Retractable groin protector • New shoulder, throat, collar, and groin accessory options • Fits up to size 10" x 12" level III or IV rifle plates • Military spec materials hook-and-loop closures • Sizes S thru XL (long widths are available)
Materials Used	The outer shell shall be 1000 denier Cordura and the interior liner shall be 400 denier pack cloth in order to promote comfort and durability. All our products are constructed from Military Spec materials.
Front Closure	Drop-down front flap on T2 Tango version has increased load bearing capacity.
Construction	Per ASTM D-6193.97 "Standard Practice for Stitches and Seams".
Sizing	Sizing shall include provisions for chest size, body type, and panel length. Body type shall be determined by a chest to waist ratio – see standard sizing chart (sizes S thru XL are standard).
Colors	Black
Ordering	Carrier and associated ballistic packages shall be available to customers through MSA's Customer Service and distributors.
Ballistics	Shall be available with MSA Paraclete Templar Ballistic Packages, Models KNX, TRP, and DLP, see separate specifications.
Warranty	MSA warranties workmanship 6 years on armor carriers and components.
