FOR IMMEDIATE RELEASE

MSA Workman® Tripod Combines Ease of Use with Durability and Versatility

Pittsburgh, Pa., November 2009 – Quick and easy set-up, increased durability, greater stability, and improved portability—all in one product! The MSA Workman Tripod makes confined space entry with vertical descent safe and easy. New features include: internal leg-locking mechanism, maximum height indicator on the tripod legs, cut-resistant leg pin retention chains, recessed product labels, reduced weight and integral carrying strap.
