

EVOTECH® Full-Body Harness

The Latest in Harness Technology

*Because every life has a **purpose...***

EVOTECH® Full-Body Harness

MSA's new EVOTECH Full-Body Harness offers the latest design features that improve user comfort, ease of use, durability, and user safety.

Comfort

"It feels light and is easy to move around in."
– TB, Carpenter

No binding edge on shoulder padding – prevents neck chafing

Breathable padding with moisture-wicking material keeps users cooler

Patent-pending leg strap design keeps leg straps in place, increasing mobility and comfort

Leg strap padding provides additional comfort during work positioning and personnel riding activities

Patented variable-width sub-pelvic webbing provides 50% more surface area for improved weight distribution, improving comfort during work positioning and personnel riding applications

Cell phone holder now available.
Part No. 10117271

"Easy to put on and take off."
– WH, Laborer

Ease of Use

Dual-color webbing – red pattern on outside, black on inside – simplifies harness donning and promotes easy identification of twisted webbing

RFID Enabled

RFID chip provides easy means of tracking and inspecting product

Patent-pending web management system provides means of storing excess webbing

Available with Qwik-Fit™ Buckle hardware on chest and leg straps; includes slotted mating buckles for easier connection

Available with Quick-Connect Buckles – makes connecting and adjusting chest and leg straps quick and easy

Durability

- Web finials prevent fraying on web ends
- Washable shoulder pad is easily added and removed with Velcro
- NanoSphere® coating on webbing repels dirt, grease, moisture, etc.
- Covered label pack protects labels from environment

Added Safety

- Reflective piping integrated into harness webbing increases visibility in low-light environments
- Available with Suspension Trauma Safety Step to improve post-fall comfort and help to prevent suspension trauma
- Available with Medical ID kit – provides vital medical information to potential rescuers/emergency personnel in the event of medical emergencies

Positionable lanyard clip

3-position back D-ring allows users to determine optimal lanyard connection position

Approvals

- OSHA
- ANSI Z359.1
- CSA Z259.10-06

"Capacity is great because construction workers tend to push the limit of other standard harnesses with body weight and tools."

– CS, Safety Director

Patent-pending single-hand torso adjustment buckles simplify harness adjustment

 PART NUMBER

EVOTECH® Tower Harness

Take a load off during long shifts!

Comfort seat makes longer work periods more comfortable.

In addition to the superior technology of the EVOTECH Harness, the EVOTECH Tower Harness offers the following features:

- Variable-width webbing in the sub-pelvic area increases comfort and support when work positioning.
- Adjustable D-ring position.
- Integral body belt and removable saddle, constructed of dual durometer pad and Sorbtek fabric for ultimate comfort!
- ANSI/OSHA and CSA approval

EVOTECH Tower Harnesses include a body belt and saddle.

Body belt

- Includes two side D-rings and two accessory rings

Saddle

- Removable, uses two side D-rings
- Adjustable height
- Can be stored when not in use for added comfort when walking
