

SERVICE

Photo courtesy of Lisa Evans

While battling a fire at an abandoned motel, we were pulling ceiling when a large chunk fell, striking me in the head. Had it not been for my Cairns® N5A leather helmet and Cairns Suspension System, I would have suffered a severe head and/or neck injury.

I will never wear anything other than Cairns. You make the best helmet in the world! It is a symbol to us, a symbol of fire service.

Thanks for making a GREAT helmet,

Battalion Chief Adam Neff
Nixa Fire Protection District
Springfield, Missouri
