OSHA-only Workman® Energy-Absorbing Lanyard Phase-Out

PITTSBURGH, Oct 2016 – Please be aware that MSA Fall Protection will be officially discontinuing the **OSHA-only** Workman Energy-Absorbing Lanyard options. These versions have become redundant and all users should move to the ANSI-compliant versions of Workman Lanyards.

The OSHA-only versions will be discontinued at the end of 2016. Limited supplies of OSHA-only Workman Energy-Absorbing Lanyards are still available, so proponents of this version are encouraged to move quickly before stock is depleted.

Please see chart below for alternative ANSI conversion part numbers.
