Workman® Twin-Leg Personal Fall Limiter Phase-Out

PITTSBURGH, Feb 2017 – Please be aware that MSA Fall Protection will be officially discontinuing the Workman Twin-Leg range of Personal Fall Limiters as pictured below. The Workman Twin-Leg PFL line of products has long been a high-performing PFL option for MSA, but is being replaced by our line of Workman Mini & Latchways Mini PFL products. The MSA Workman & Latchways lines of personal fall limiters are extremely durable, compact, and lightweight & provide a lower cost of ownership and include new & exciting features that provide excellent safety, performance, and affordability.

A limited number of Workman Twin-Leg PFL products are still available, so proponents of the brand are encouraged to move quickly before stock is depleted.

As a result, the Workman Twin-Leg PFL range will be eliminated as of September 30th, 2017 globally.

Please refer to Legacy Product Conversion Guide, 4600-058-MC, for alternative part numbers.

Best Regards,

A handwritten signature in black ink that reads "Marc S. Harkins".
